Agree that it's definitely not quiet!

I'll send you the meeting info once you give me the go-ahead. Thanks.

Hi Laura,

I did manage to find some awesome mushrooms – on the internet! Someone sent me a gift basket with fresh shrooms (5 species) that I had never tried before. Tasty and interesting to say the least. Ended up sending the same to my sister, another mycophile.

I could certainly make the meeting as we were told to work from home (stay away from the office even though we are in crystal city!). I'm assuming this is held at your offices in Rockville. Let me check with the powers that be to make sure they are okay with it, but am guessing they would approve.

Hope you also had a nice Holiday and were able to disconnect for a while. Managers told me they thought December would be a quiet time as we await the new Administration – far from it!

Chris

Hi, Chris. Happy new year. I hope you were able to take a break and maybe find some awesome mushrooms. 😊
Intrexon and Oxitec are coming in to meet with us next Wednesday 1/18. They said they want to meet to discuss the possibility of obtaining an emergency use authorization from FDA for their mosquito. We just got EUA authority for animal drugs about a month ago as part of the 21st Century Cures Act. Intrexon would like you to attend if you are able. The meeting is from 11-12. I can forward the information to you if you're able to make it.

Laura
